ABOUT ME

Designing digital experiences that feel simple, intuitive, and easy to use. I enjoy transforming confusing user moments into clear interactions that help people move through products naturally and confidently.

SKILLS

- **Programming Languages:** C, C++, HTML, CSS, JavaScript
- **Tools:** Figma, Canva, VS Code, Git, GitHub
- **Soft Skills:** Leadership, Team Management, Innovative Thinker

EXPERIENCE

- **GTT Data Solutions (UI/UX Designer)** Apr 2025 – Current
At GTT Data Solutions, I work as a UI/UX Designer creating modern UI/UX designs, wireframes, and prototypes using Figma and Canva while collaborating with developers to deliver clean, responsive, and user-friendly interfaces for multiple internal projects.

INTERNSHIP

- **GTT Data Solutions (Offline)** Jan 2025 – Mar 2025
During my internship as a Software Development Intern at GTT Data Solutions, I successfully designed and delivered UI projects using tools like Figma, and Canva. This experience strengthened my skills in wireframing, prototyping, and UI/UX design, aligning perfectly with creating seamless, intuitive user experiences.

EDUCATION

- **Annasaheb Dange College of Engineering and Technology (ADCET)** Ashta (INDIA)
Bachelor of Technology in Computer Science and Engineering (Internet of Things and Cyber Security) Dec 2021 – Jun 2025
CGPA: 7.4/ 10
- **Padmabhushan Dr.Vasatraodada Patil Mahavidyalaya (PDVP)** Tasgaon
HSC IN SCIENCE Mar 2021 – Jun 2020
Percentage: 72.60

PROJECTS

- **Room Finder Application (MERN Stack, MongoDB Atlas)** Dec 2024 – Jun 2025
Developed a full-stack room rental platform featuring secure OTP authentication, dynamic property listings, real-time availability tracking, and interactive map-based location selection.

ACTIVITIES

- **Apex Predator (Cyber Security Club) ADCET** Ashta , Maharashtra
Application Designer Aug 2023 – Mar 2024

CERTIFICATIONS

- **Create High-Fidelity Designs and Prototypes in Figma** Google
